Message from the Executive Executive Members

## Message from the Executive

This quadrennial proved to be quite interesting, not to mention very busy. On reflection we have been able to meet our goals as laid out in our strategic plan following consultation and engagement with all associations during the review process of your respective quadrennial plans.

Our objectives for the past four years were:

- ‘Person on the Podium’ - getting elite athletes on to the Podium
- Increase the number of sports participating in Games
- Promotion of Olympic Values including Respect, Excellence, Friendship
- Promote drug free sport through the WADA programme

While we recognise we still have a long ways to go, we have made significant strides by focusing on what is important to achieve the aforementioned objectives.

As the 2013 – 2016 quadrennial commenced, the biggest challenge from the outset was the introduction of the Non Profit Organisations (NPO) legislation that forced all of us to have a second look at our respective constitution to ensure compliance. We thank Thornton Smith for assisting us to get over that hurdle.

Our strategic focus this quadrennial provided the extra push that non team sport athletes have been looking for in prior years, with significant financial support by way of individual scholarships going to athletes from athletics, swimming, squash, skiing and sailing. This was in keeping with our goal of providing the best possible support to our top individual athletes. The Olympic scholarship programme offered NOCs the possibility to obtain financial and technical assistance for those elite athletes who were training, and attempting to qualify, for the Sochi and Rio Olympic Games. Rugby benefitted from a “Team Support Grant” and this is reflected in the growth of their grassroots’ programme.

The “Person on the Podium” campaign was also reflected in many of your goals, and as such BVIOC commend and congratulate all associations whose athletes achieved such at your regional and international competitions for example the World Youth Championship, World Junior Championship, Carifta Games, OECS Championship, CAC, CBC etc.

We commend once again Chantel Malone, CAC Long Jump Champion, who also got a 4<sup>th</sup> and 5<sup>th</sup> place finish at the Commonwealth Games and Pan Am Games respectively. Chantel was the only senior athlete to reach the podium internationally. Congratulations also to our aspiring seniors, the team of Taylor Hill, Nelda Huggins, Jonel Lacey and Tarika “Tinker Bell” Moses who won the silver medal at the 8th IAAF World Youth Championships, and Kyron McMaster, the 2016 World Junior 400 M Hurdles Bronze Medallist

Mention must be made of the top 5 associations that were able to benefit from the broad array of programmes and financial assistance to athletes. The gains made by these association in their “Person on the Podium” programme was in many ways reflected by level of funding and support provided by BVIOC, and the level of competition their

respective athletes were qualified to participate in. These associations were Athletics, Swimming, Sailing, Squash and Tennis. The Grant Summary by Association refers.

It is also important to note that while many of our athletes did not make it to the podium, many in fact moved beyond the preliminary round in their various competitions, whether it was the quarter finals, semi-finals or indeed the finals. These efforts deserve praise.

The British Virgin Islands Olympic Committee in 2014 celebrated 30 years (1984 to 2014) of participation in the Olympic Games. The celebration by way of a reception held at Old Government House Museum recognised BVIOC founding members and first Olympians.

The BVIOC also presented the 2013 IOC Trophy “150 Years, Pierre de Coubertin, Sport as a School of Life” during a dinner event to Past President Rey O’Neal. These 2 events were in keeping with our objectives of promoting, maintaining and recording our BVI legacy; which would be expanded on in the 2017 to 2020 quadrennial with the creation of an Olympic Academy programme.

Of particular importance this quadrennial was the introduction and expansion of our community based programmes:

**Run/ Walk for Health:** BVIOC through the Ministry of Health supporting healthy lifestyles in our community. BVIOC assisted with the purchase of pedometers that were distributed throughout the community by the Ministry of Health.

**Swim for Life:** BVIOC supporting and promoting water safety in our community working in partnership with Kids and The Sea programme (KATS).

**Olympic Day:** Olympic Day, an annual celebration is celebrated around the world to observe the Olympic values of excellence, friendship and respect. It is also a celebration of the Olympic Day pillars: move, learn and discover.

**Queen’s Baton Relay:** The Queen's Baton Relay, similar to the Olympic Torch Relay, is a relay around the world held prior to the beginning of the Commonwealth Games. The Baton carries a message from the Head of the Commonwealth, currently Queen Elizabeth II.

**LATD:** The Long Term Athlete Development and the promotion of physical literacy programme is currently being undertaken in conjunction with CANOC, Canada Sport for Life Foundation, the Ministry of Health, the Ministry of Education and other community based stakeholders.

**BVI RADO:** Locally based organisation headed by BVIOC President Ephraim Penn, and a group of hard working volunteers being committed to promoting the culture of “Clean Sport”, and arranging for the testing of athletes in BVI.

**Rey O’Neal Scholarship:** BVIOC/ Ministry of Education educational scholarship programme for promising BVI athletes.

As in previous years, PASO continued with its Olympic Solidarity Programmes, with particular emphasis on the training of coaches. BVI participated in or conducted

programmes in the following sports; Basketball, Athletics, Swimming and Taekwondo. The coaching assistance grant to BVIFA was funded by Olympic Solidarity.

Additionally, with assistance from CGA Canada and as part of a CANOC regional initiative, the BVI in 2014 hosted a Caribbean Coaching Certification Programme for approximately 30 local attendees, and most recently in 2016 with financial support from Lima 2019, and organised by CANOC hosted a regional workshop for “Trainer of Trainers” with attendees primarily from post- secondary level institutions from across the region.

A new feature this quadrennial was the Pan American Olympic Festival held in the summer of 2014. The festival supported the late President of PASO’s vision to ensure that the group’s athletes were the best prepared to participate in the Olympics. These Programmes included the training of coaches, scholarships for athletes and direct support to the NOCs. Unfortunately, only Squash made the trip to the festival.

In 2013 The Capacity Support Officer programme was introduced in 4 NOCs in the region (Antigua and Barbuda, BVI, St. Vincent and Anguilla. This programme an initiative of Commonwealth Games Canada was designed to provide administrative support to NOCs while providing on the job training for Canadian graduates. 2 CSO’s spent a total of 10 months working in BVI.

2015 saw leadership changes in our overseas organisations. Following the passing of then PASO President Mario Rana, Uruguayan Olympic Committee President Julio Maglione was elected as interim President. Maglione is the current FINA President and an IOC member. In the CGF, Louise Martin was elected the group’s first female president.

As this quadrennial in particular comes to a close, it is worth reflecting back to prior years to add some perspective to the gains we have made in particular over the past four years:

During the 2001 to 2004 era, approximately \$142K in funding was received, with approximately 33% going to or utilised for the benefit of athletes.

During the 2005 to 2008 era, approximately \$290K in funding was received with approximately 49% going to or utilised for the benefit of athletes.

During the 2009 to 2012 era, approximately \$595K in funding was received with approximately 58% going to or utilised for the benefit of athletes.

During the 2013 to 2016 era, approximately \$1,900K in funding was received from Olympic Solidarity, PASO and the CGF with approximately 78% going to or utilised for the benefit of athletes.

The aforementioned demonstrates that the current executive have been working extremely hard for and on behalf of athletes, and that their focus was athlete centred. It is safe to say that every credible method was utilised to present BVIOC’s case to the relevant organisations, with our efforts being rewarded to facilitate the programmes presented over the past 4 years.

As far as the future goes, we can only promise to be just as hard-working in our efforts. The programmes we hope to undertake would be reflective of our ongoing dialog and your timely submissions of your proposed programmes for the next four years.

The BVIOC 2012 to 2016 executive members take this opportunity to thank all member associations, all local, regional and international stakeholders for their support over the past 4 years, and stand ready to serve for the next 4 years.

#### **PETER ADAM CROOK (ADAM) MET HIS GOAL TO COMPETE IN THE 2014 WINTER OLYMPIC GAMES IN SOCHI, RUSSIA IN FEBRUARY 2014!**

He qualified for the Olympics by gaining the necessary points in World Cup competitions, as well as placing in the top 30 in the World in Half-Pipe skiing. He was at one time ranked 18<sup>th</sup> in the World. Adam is the sole athlete of the BVI Ski Association and trained and competed in half-pipe for 6 years.

Adam had been very fortunate to receive a generous scholarship from Olympic Solidarity to see him through the Sochi Winter Games in February 2014. Adam's scholarship made it possible for the BVI Ski Association to hire a professional full-time coach for Adam through to the 2014 Olympic Games.

Chantel qualified for and competed at the World Championship, Commonwealth Games, Pan Am Games and CAC Games. She made the finals in the Commonwealth Games, and won the Gold Medal at the CAC Games. Chantel was just short of the Rio 2016 qualifying mark in the long jump.

Eldred qualified for and competed at the Commonwealth Games, Pan Am Games and CAC Games. He also competed at the Rio 2016 Olympics as a universality entry.

Elinah competed at the FINA World Championships, Commonwealth Games, Pan Am Games and Rio 2016 Olympics. She is the national record holder in the 50M freestyle, and has won numerous medals at the Carifta Games including BVI's first gold medal.

Following a promising campaign internationally, Alec and Chris did not earn a placement for Rio 2016.

Let me first thank the Olympic Committee for nominating me for this wonderful learning opportunity. The hospitality showed to the delegates attending the conference created a comfortable setting for information sharing and learning. The atmosphere was one of camaraderie amongst the delegates and I have taken away positive and wonderful memories to last a lifetime. The network built by the delegates will lead to continued information sharing and has created opportunities for the delegates to continue to communicate with each other even as we return to our own home countries

The conference was a great learning experience to see how other countries sports and school programs are structured to promote the Olympic values of excellence, friendship, respect, spirit and unity which in turn help to bond their countries and their communities and provide an avenue for them to showcase the talent of prospective national athletes in various sports disciplines. As a means to develop the talent of athletes, promising athletes with potential as prospective players are invited to various camps and tournaments to improve their skills.....

**Games Summary**

The Pan American Sports Confederations have evaluated the Festival's results. Even though they have pointed out some problems and difficulties typical of an event of this magnitude, they all agree the Pan American Sports Festival was successful, that it contributed to strengthen and develop their respective sports, that it favoured the preparation of athletes and recommend PASO to study this experience and decide on the convenience of continuing its implementation in the future.

**Games Summary**

The goal of the YOG is not to cultivate future Olympic champions. It is aimed to guide the youth to grow healthily and comprehensively and subsequently showcase to the world the values of sports for human life. Through the platform of sports competition and with a focus on the youth, athletes of diverse backgrounds participated in the YOG as they experienced the ancient oriental civilisation and shared the joy of multicultural communication.

The summer of 2014 saw youth from the five continents cultivating friendship, exchanging their dreams and harvesting growth. At the 2nd Youth Olympic Games held in Nanjing, China, all NOCs members of PASO participated.

FOR IMMEDIATE RELEASE

**BVI Collects First Gold at 2014 Carifta Swimming Championships**

Elinah Phillip powered her way to a first place finish in the Girls 13-14 50m fly in a time of 28.71 to collect the BVI's first gold at the XXIV CARIFTA Swimming Championships in Aruba last evening. This is the territory's first CARIFTA swimming gold and its second appearance at the Caribbean's premier age group swimming event following an inaugural appearance in 2012.

Keeley Maduro of Aruba and Amira Pilgrim of Trinidad were second and third in the 50m fly event. All three shattered the old record of 29.49.

Elinah previously picked up a bronze for her time of 1:08.82 in the Girls 13 – 14 100m fly on the first night of the Championships.

"The team is off to a fantastic start," said Elsworth Philip, President of the BVI Swimming Federation. "The Federation hasn't looked back since its first team event in 2011 and we continue to go from strength to strength, with a cadre of age group swimmers based at home and abroad who are propelling BVI swimming forward despite the local challenges and setbacks."

The Championships are an annual age group meet for the Caribbean, similar in form and origin to its athletics counterpart. This year's event has been sanctioned by the International Swimming Federation (FINA) as a Youth Olympic Games qualifier and has attracted the best in the region for a very high level of competition. The Championships also serve as a Central American and Caribbean (CAC) Games qualifying event.

Elinah and her sister, Amarah, were the BVI's sole qualifiers at this year's CARIFTA Championships which features 23 countries and territories from around the Caribbean region. The five day competition will see the BVI athletes work through the rounds in the sprint events with their eyes fixed on gaining places on the winner's podium as they swim their way into the CARIFTA and BVI record books with medals in tow.

"We'd like to thank the Swimming Federation's partners, including the BVI Olympic Committee, for providing the grant funding that made the trip possible, and also KPMG for their continued assistance," said the girls' mother and Federation Secretary General, Tracey Bradshaw.

The Championships run from 22<sup>nd</sup> to 26<sup>th</sup> April.

### BVI Relay Team wins Silver Medal at IAAF World Youth's

The British Virgin Islands joined Jamaica and Barbados as the only English speaking Caribbean countries to earn a medal in the 8th IAAF World Youth Championships that wrapped up today in Donetsk, Ukraine, when the Medley Relay quartet earned silver behind the United States in a NACAC 1-2 finish.

The team of Taylor Hill, Nelda Huggins, Jonel Lacey and Tarika “Tinker Bell” Moses, had a time of 2 minutes 07.40 seconds to finish ahead of hard charging Japan. Lacey who was sick on Saturday and did not run the 200m semifinals, replaced 800m runner Lakeisha “Mimi” Warner who carried them into the final with a gritty 400m anchor leg after passing the Czech Republic runner, as they finished second to Canada in the semis with a time of 2:08.80. With Lacey’s insertion in the final, she ran the 300m while Moses moved up to the 400m, with Hill

leading off the 100m and Huggins followed in the 200m.

### VI swimmer Elinah Phillip makes history at 24th OECS Swimming Championships

Rio 2016 scholarship athlete, Elinah Phillip set three new records at the 2014 OECS Swimming Championships with the fastest ever 200 IM (2:33.20), 50 Butterfly (29.75) and 100 Free (59.83) in OECS history! *Photo: BBC Sport archive*

It was the largest meet of its kind, with 143 swimmers from five territories. It was also one of the most keenly contested. And it was almost certainly the wettest.

Elinah Phillip of British Virgin Islands won the women’s 13-14 division and she will have another year in this age group. She set three new records on Sunday on her way to winning the category. Elinah swam the fastest ever 200 IM (2:33.20), 50 Butterfly (29.75) and 100 Free (59.83) in OECS history.

### [VI national rugby squad exit Mexico 2014 NACRA 7s tournament after quarter finals](#)

BVI rugby squad at the North America Caribbean Rugby Association's (NACRA) 7s tournament in Mexico City, Mexico.

A string of tough losses and lots of lessons to take away as the VI national squad concluded the North America Caribbean Rugby Association's (NACRA) 7s tournament held December 3 -4 in Mexico City, Mexico.

On the second and final day of the tournament, Pool B teams, BVI and Barbados clashed in the quarterfinals, but despite some good opportunities, the BVI squad lost the encounter, 38-0. Despite the final score, the BVI showed a bit of improvement on the score of their very first game of the tournament which they lost to Barbados, 69-0.

The loss against Barbados pushed the BVI into the plate section of the tournament where they faced Jamaica and while they managed to put points on the score sheet, Jamaica won, 43-14.

In their third game of the final day, the BVI faced a determined Bermuda squad. The final score was 33-0.

### [BVI Rugby team secures third consecutive victory to top NACRA 2015 South Zone Cup League](#)

With three consecutive victories, the national rugby team has topped the South Zone of the 2015 North American Caribbean Rugby Association's 15s tournament, following an emphatic victory against Curacao at the A. O Shirley Recreational Grounds on Saturday, May 2.

Head coach Sherlock Solomon was proud of the team's accomplishment, particularly, since players from the under-19 program have started to come through. The BVI went to St. Lucia and St. Vincent and returned home with victories.

**Long Term Athlete Development Programme:** The British Virgin Islands Olympic Committee (BVIOC), in collaboration with Canada Sport for Life (CS4L), the Canadian Olympic Committee (COC) and the Caribbean Association of National Olympic Committees (CANOC) and, with full endorsement from the Ministry of Education and Culture and the Ministry of Health and Social Welfare conducted a successful two day workshop on Long Term Athlete Development (LTAD) and Physical Literacy

# Looking Ahead

Future Plans	
2017 - 2020 Calendar	

## **Future Plans (2017 to 2020)**

As we look back with pride at our achievements over the last quadrennial (2013 to 2016), we must all feel a great sense of accomplishment to know that together we have built a once dormant NOC - that had prompted Olympic Solidarity to commission an audit to confirm our existence - to one that is now viewed with envy regionally and internationally.

I must congratulate our entire Executive Board for a job well done and a special thanks to SG Lloyd Black for putting this report together. As we eagerly await word from Olympic Solidarity of what we can expect over the next four years, I challenge all of us to continue to work for the benefit of all our athletes and citizens and truly make our NOC one of inclusion not exclusion.

### **Strategic Priorities Going Forward:**

- **National Sport Policy implementation (National Sport Council)**
- **LTAD in schools (physical literacy), communities & NF's**
- **Good Governance Policy**
- **Continuation and expansion of our Elite Athlete program**
- **Introduction of an Emerging Athlete program**
- **Full introduction of the Rey O'Neal Scholarship program**
- **The hiring of an office administrator**
- **Greater emphasis on seminars, workshops and assemblies as a means of Sports Tourism**
- **Hosting the QBR 2017**
- **Introduction of the first Commonwealth Walkway in the Caribbean**
- **Building capacity by conducting Sports Administration Courses and CCCP workshops**
- **Spreading Olympism with the establishment of Olympic Academy/ Legacy programs**
- **Through joint efforts with PASO, FIFA and the BVIG establish a 6-lane athletic track in the East End community**
- **Secure a new office With PASO funding**
- **Support a candidate for the Masters Degree in Sports Administration and Management (MEMOS) Program**
- **Continue Women in Sport programs (recognition of the accomplishments of Taheshia Harrigan Scott)**
- **Constitution review and reform**
- **Sports accomplishment awards program**
- **Continued anti-doping education and testing**
- **NOC Exchange program with fellow NOC's**
